TECEfloor wall thermostat
in classic glass look

NEW!

TECE:

Intelligente Haustechnik

**STYLISH THERMOSTAT
... CONTROL TO THE
EXACT DEGREE!**

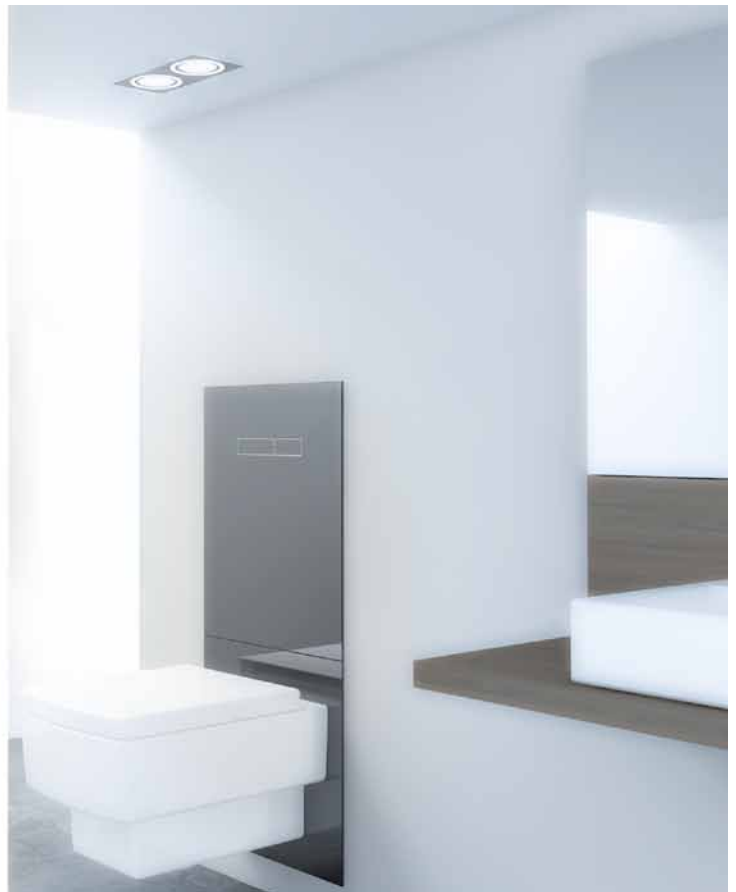

The new TECEfloor design thermostat is a creation from renowned design consultancy NOA and was exclusively developed for the TECEfloor floor heating range. In contrast to many other products available on the market, it looks the part in a modern, high-class interior design thanks to its high-quality glass surface. With an outer diameter of 105 mm, the thermostat acts as an independent design element and as a replacement, also completely covers the concealed sockets of standard thermostats.

TECEfloor design thermostats are available in three colours.

PRODUCT INFORMATION

The pared-down form and the sophisticated glass look of the TECEfloor wall thermostat harmonise particularly well with other TECE products such as the TECElux toilet terminal, TECEloop toilet push buttons or the glass covers of the TECEdrainline shower channel.

TECEfloor design thermostat and TECElux black

TECEloop toilet push plate

TECEdrainline shower channel

Design thermostat base DT 230 V

Basic board with electronics as base body for holding all TECEfloor DT design thermostat covers.

The base body with electronics can be mounted on a concealed socket or directly on the wall. After wiring or after programming of the radio electronics, a separate design cover is attached.

Dimensions incl. design cover: Diameter approx. 105 mm, depth approx. 27 mm.

Can only be used in combination with a TECEfloor DT design thermostat cover.

Available in three designs

- DT 230 V / 1.8 A - max. 10 drives per 3 W
- DT 230 V / 1.8 A - max. 10 drives per 3 W, heating/cooling
- DT radio 868 MHz, heating/cooling

Version	Order No.
DT 230	7741 00 20
DT 230 HK	7741 00 23
DT radio	7742 00 20

DT design thermostat cover

High-quality real glass cover in streamlined design, designer: NOA

- Matches the design series TECElux and TECEloop
- 3 mm safety glass with ceramic screen printing, can be installed in the fine construction phase on all TECEfloor design thermostat bases DT, can be subsequently replaced.

Outer diameter 105 mm, depth 27 mm

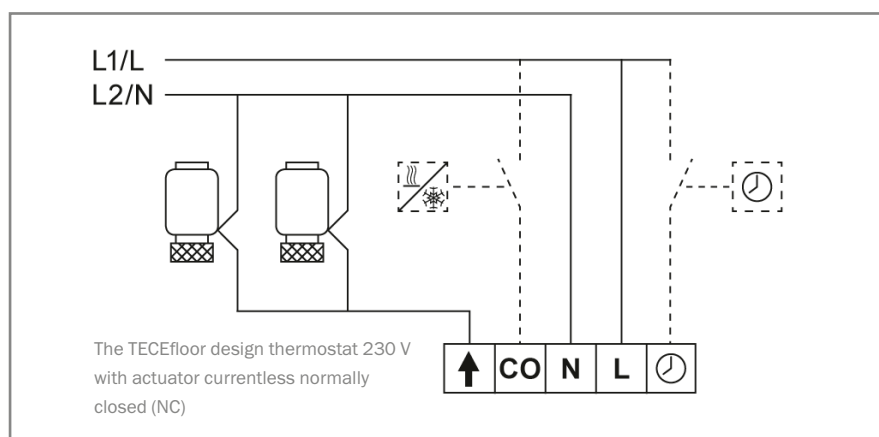

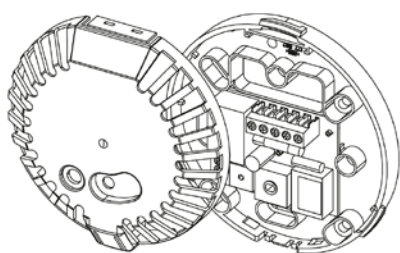

To be used only in combination with a design thermostat base.

Version	Order No.
Black glass	7740 00 10
White glass	7740 00 11
Orange glass	7740 00 12

PRODUCT INFORMATION

**FROM OLD TO NEW – EASY
REPLACEMENT ...**

The TECEfloor design thermostat is compatible with many 230 V room thermostats. A replacement is therefore easy.
