ELEGANCE IN MATT

TECEdrainline in black and white

Drainage systems

close to you

CONSISTENTLY CONSISTENT

"Matt in the bathroom" - the current trend in bathroom design. With the new addition to the TECEdrainline range in matt black and matt white, the shower channel, which has proven itself millions of times over, is also consistently trendy. A double coating ensures durable, velvety matt surfaces with an elegant look.

Even more matt

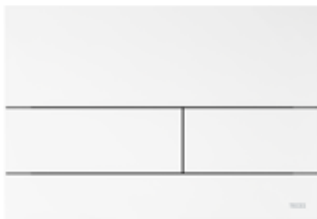

To match the new TECEdrainline colours, TECE naturally also offers great design freedom here with a selection of toilet and urinal flush plates in a range of design series and materials.

With the new TECEdrainline and TECEdrainline-Evo shower channels, both the channel body and the associated "steel" design grate are colour-coated and therefore blend seamlessly into the shower area.

The advantages

- Easy cleaning thanks to seamless channel body made of coated stainless steel
- Available in up to five lengths from 700 to 1200 mm, TECEdrainline additionally up to 1500 mm
- Special channel feet prevent wear marks in the channel body
- Inner gradient for optimum drainage capacity
- TECEdrainline-Evo with factory-fitted Seal System sealing collar and protective construction cover to prevent damage and dirt ingress during the construction phase
- Conforms to DIN EN 1253 and DIN 18534 standards
