

## TECEsquare Metal Flush Plate

---

### Description:

The TECEsquare Metal flush control plates is a premium product range, manufactured using high quality materials, and is built to last. Available in a range of colours and finishes including Matt, Polished, Brushed and Anti-Fingerprint. The flush control plates are designed to produce a sleek flat design which, when installed, the flush plate sits only 3mm proud of the finished wall surface. TECEsquare fits all TECE produced cisterns and frames, and compatible for front and top actuation, giving great design and installation flexibility. **E&OE**

### Applications:

TECEsquare Metal control plates are matched exclusively to the TECE range of concealed cisterns and installation systems suitable for WC's in en-suites, cloakrooms and other bathroom projects. The control plate is fitted to cisterns that are suitable for:

- All common construction systems, in domestic, commercial, and institutional new build or refurbishment projects.
- Large or small bathrooms, where space is at a premium, while ease of cleaning and design is a priority.
- Premium design-led bathroom installations, where aesthetic considerations require sleek product solutions.
- Surface mounted installation.
- Can be mounted onto cistern for both front and top actuation, providing greater installation and design flexibility.

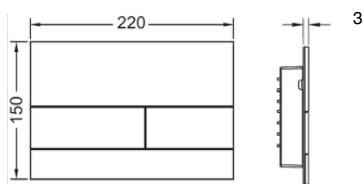

### Product characteristics & key features:

- The TECEsquare Metal sits only 3mm proud of wall finish, when installed.
- Flush buttons are level with the rest of the flush plate surface providing a streamline flat design.
- Designed to suit all TECE produced WC cisterns and WC cistern frames and can be mounted for front or top actuation.
- Spring loaded buttons with rubber buffers allow for smooth and quiet actuation, with a soft feel.
- The control plate also acts as a removable decorative maintenance cover to allow instant access to the inside of the cistern including the complete Control & Service Assembly.
- The extensive product range available offers great choice and is designed to suit bathrooms where similar colour brassware might be installed.
- Available in Matt, Polished, Brushed and Anti-Fingerprint finishes
