

# FLUSHING COMFORT WITHIN REACH

TECEflushpoint: the attractive  
pneumatic toilet remote control  
for single or dual flush systems.

## ADDITIONAL COMFORT IN THE BATHROOM

A pneumatic remote control must blend perfectly into the bathroom ambience and give the user a feeling of additional comfort. Or simply: TECEflushpoint.

## One-click installation

Conversion can be this easy:

The actuator for pneumatic operation is placed on the drain valve with a single click.

- 1 Corrugated pipe
- 2 Pneumatic hose

Required components for a pneumatic toilet flush with TECEflushpoint are:

Toilet module  
with Uni cistern

TECEflushpoint shell set  
for Uni cisterns

TECEflushpoint fine  
installation set  
in various designs

## Product Highlights

- Pneumatic toilet remote control for single and dual flush systems
- Can be used with all manual TECE flush plates or alternatively with inspection flap/opening
- Can be used in solid and dry-wall construction as well as furniture installation
- Design and feel of the remote control at the highest level
- Operating radius of up to 1.7 m
- Actuator is only clicked onto the drain valve; no further modifications to the cistern necessary
