TECEsolid flush plates

**HEAVY METAL**

TECE 

# TOUGH AND STRONG FINISH

TECEsolid is not only one of the most robust toilet flush plates from TECE, with its fine, structured surfaces it also belongs in the top design league from a visual perspective. Form and function thought through to the end – from public and semi-public rooms to sophisticated private bathrooms.

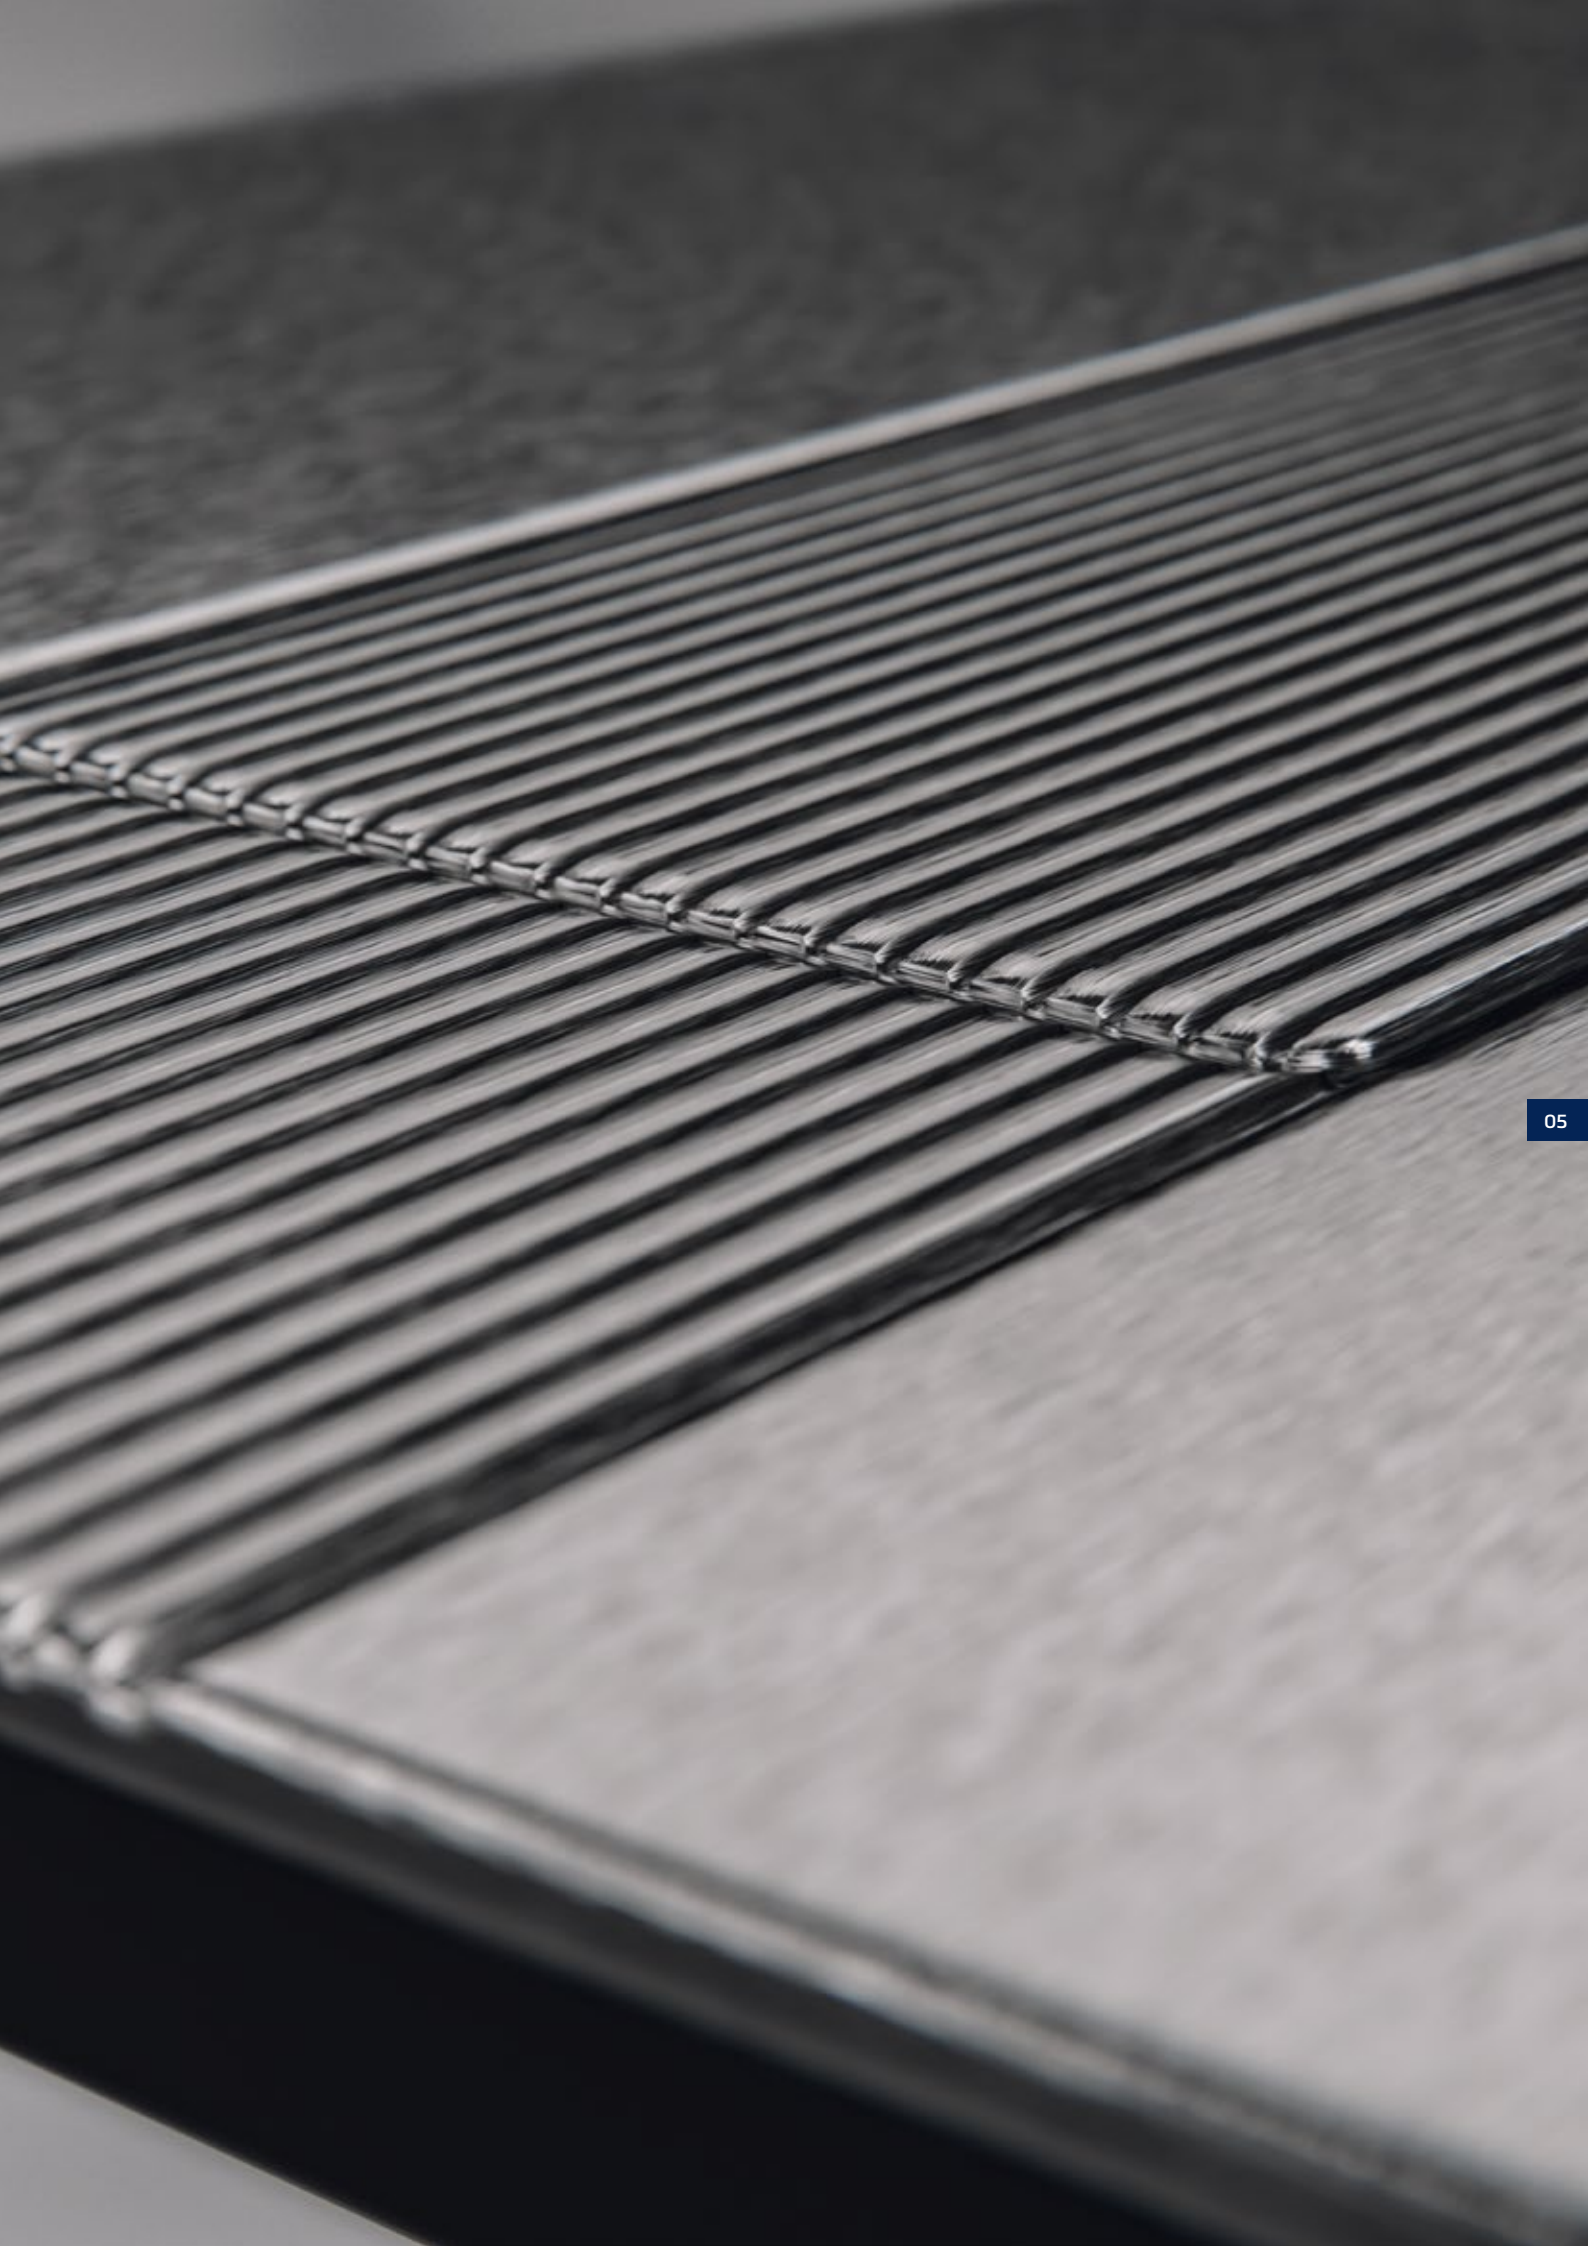

TECEsolid

# BRUSHED GRAPHITE WITH LINE STRUCTURE

Sophisticated all along the line. With its new relief surface, TECEsolid brings even more structure to bathroom design. A visual and tactile experience.

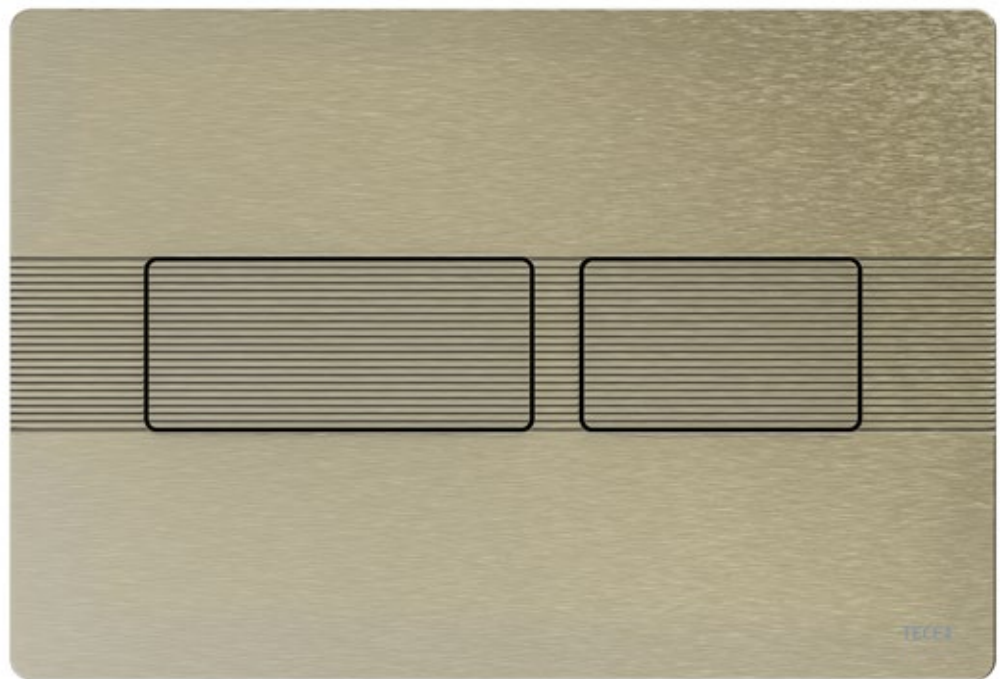

TECEsolid

# BRUSHED NICKEL WITH LINE STRUCTURE

07

Strong character for every environment:  
TECEsolid in warm-soft nickel and with line  
structure. As a discreet counterpoint or  
elegant add-on.

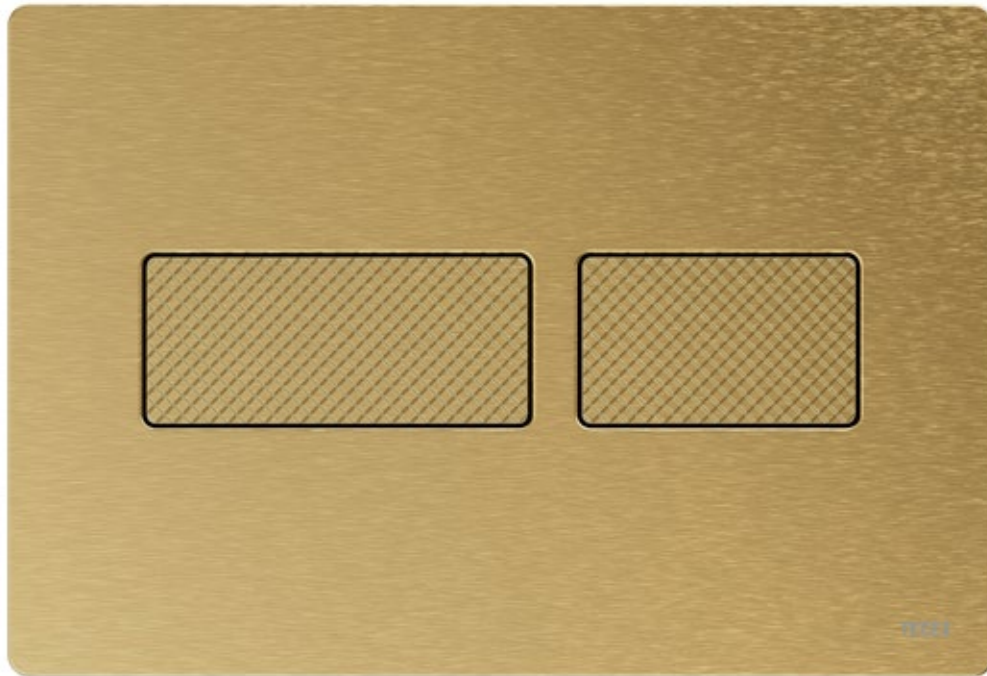

TECEsolid

# BRUSHED BRASS WITH DIAMOND STRUCTURE

New facets for every bathroom. TECEsolid in the brushed brass surface with symmetrical diamond structure on both flush buttons – made to touch!

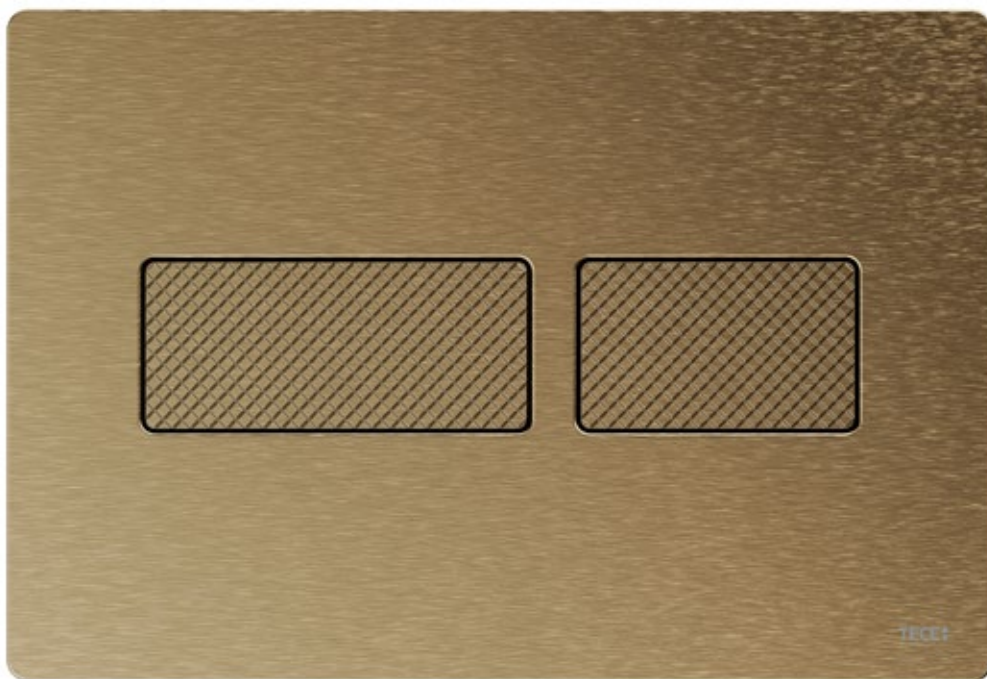

TECEsolid

# BRUSHED BRONZE WITH DIAMOND STRUCTURE

Brushed bronze with fine grid lines.  
TECEsolid makes a strong statement  
even in semi-public spaces.

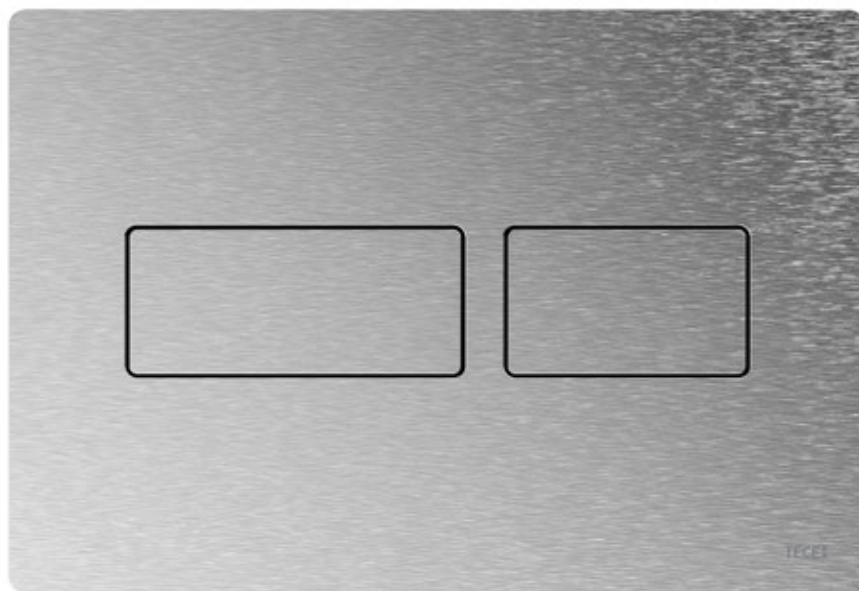

TECEsolid

## BRUSHED STAINLESS STEEL

The classic among the really tough! Like all toilet flush plates in the collection, TECEsolid stainless steel is 2 mm thick, has a flat design and can be screwed on at the back.

# TECEsolid RANGE

From hard to soft: The TECEsolid toilet flush plate collection. Classically smooth or with a refined surface structure – each one is easy to clean, vandal-proof and simply indestructibly beautiful.

Brushed stainless steel

## TECEsolid ELECTRONICS

Two in one for greater hygiene: Touch-free actuation meets  
programmable flush functions.

Brushed stainless steel

9240464  
6 V battery  
9240454  
12 V mains supply

Brushed stainless  
steel

9242039  
7.2 V battery  
9242037  
230 V mains supply

The robust stainless steel flush plate not only ensures hygiene during use thanks to its touch-free actuation, but also prevents hygiene hazards when not in use thanks to programmable functions. Flush volumes and intervals are programmed via the free app and thereby ensure hygienic water exchange in cold water systems.

TECEnow

Selection from the TECE flush plate range

## No limits

All TECE flush plates are compatible with the universal cistern from TECE. For renovations and modernisations, they can be interchanged regardless of series and year. Even after decades. Planning and design in a modular system – made by TECE.

# GET TO KNOW US BETTER

TECE supports installers, planners and architects in the implementation of their building projects. Visit [www.tece.com/en](http://www.tece.com/en), where you can find detailed information about the company, products and services.

## Design catalogue

From shower channels and room thermostats to toilet terminals: The design catalogue introduces the world of attractive TECE products in front of the wall.

## Design and creation

Freedom of design. The topics of Space & Architecture, Individuality & Design and Function & Technology are aimed primarily at architects and bathroom planners.

## Project and Planning

Reliability in terms of time, legal aspects and economic efficiency. This brochure is intended for planners, architects and investors.
